

Grievance Day is the fourth Tuesday in May

This is the last day to file a formal complaint to the Board of Assessment Review protesting the assessment or an exemption shown on the tentative assessment roll.

Grievance forms are available at the Assessor's Office, the Town Clerk's office and on this web page. It is advisable to supply all supporting documentation with your grievance when you file the grievance form.

The Board of Assessment Review convenes and entertains discussion from any property owner who wants to discuss why they believe their property is improperly assessed.
